

ACTIVE TRAVEL

2021 PRODUCT PORTFOLIO

OUR GOODS AND SERVICES

- Our Product Portfolio includes a variety of Goods and Services available for purchase on a trading basis.
- Our Cash Cross Purchase Program (our all cash Program), which is preferred by our Hospitality clients, delivers measurable cash revenues (in the form of hotel bookings) with each purchase of Goods from our Product Portfolio (with all purchases at each client's normal pricing and specifications).
- For clients that hold Trade Credits previously issues by Active, Trade Credits may be used to pay a preagreed upon percentage of Active's invoices (with the relevant percentage determined by Active on a case by case basis and depending upon the Goods and Services selected for purchase).
- Prior supplier preapproval is required before any Goods and Services may be purchased from our Product Portfolio (this is to avoid any sales channel conflict with a supplier's preexisting sales channel and efforts). Preapproval is at the discretion of each supplier and will be managed by Active.
